

# ALI GHAFFARIANN

## DETAILS

### ADDRESS

Mashhad  
Iran

### PHONE

09338169465

### EMAIL

alighaffarian9@gmail.com

### DATE / PLACE OF BIRTH

20 - 11 - 2003  
Mashhad

## LINKS

[github](#)

[linkedin](#)

## SKILLS

TCP

DHCP

network security

bash

Python

pyroute2

Scapy

C++

## PROFILE

I love diving into old articles about how systems used to work, learning from the past to improve the future.

I'm always on the lookout for ways to make things more efficient through automation.

Playing Capture The Flag (CTF) challenges helps me sharpen my critical thinking and questioning mindset, and I enjoy designing CTF challenges to share my thought process with others.

I use Linux daily for personal projects and tasks, appreciating its flexibility and power.

I also focus on keeping things simple and efficient in my work, avoiding over-complication while still leveraging the power of modularity.

## EDUCATION

Quchan university of technology

2023 — Present

## ACHIEVEMENTS

2nd - CTF - PsyCity - Isfahan university of technology

19th - CTF - RavinCTF - Ravin academy

1st - ACM - SmartCode2023 - Quchan university of technology

## HIGHLIGHTS OF MY WORK

Bash script

[awesome-bash-scripts/Scripts/Internet Problem Fixer at main · sepsoh/awesome-bash-scripts \(github.com\)](#)

Ctf challenges i made

[AliGhaffarian/ctf-making-sources: Source code of the ctf challenges i make \(github.com\)](#)

Git

rust

netlink

## LANGUAGES

english

Scapy

[AliGhaffarian/dhcp-starvation-using-scapy \(github.com\)](#)

---

## COURSES

program misuse, pwn.college
